## 有興趣成為怡家假期領隊嗎?

Interested in becoming a tour leader?

If you think you have what it takes to be a good tour leader, you can email your resume to us. No experience necessary.

We are looking for someone who is self-motivated and must be a team player. To become one of us, you need to have a positive attitude. You need to be likeable and workable among others. The tour guide position requires someone with energy. Being active and approachable are important to qualify for this position. Being able to speak well in Cantonese, Mandarin and English can be very helpful to be selected for an interview.

For the right applicant(s), we will train you and we will put you on the jobs. We don't need you to pay for our training. However, you need to make time for the training process. We suggest you to hold on to whatever you are doing. Do not quit your present job since the tour guide's position is good for part-time only in today's market.

With us, you don't need to have related experience; we welcome fresh faces. To those who qualify, you will receive free trainings by our team members; we will put you on our orientation tours. You learn well, we will get jobs from us. We need good team players and we want you to stay.

As our team player, you will earn wages and be given meal allowance for every trip. You will also earn full gratuities, and other possible sources of income.

Our tour leaders will be given the jobs and they do not need to "buy".

Taking your money but unable to give you a promising job post, that is something that we don't do. We would rather spend time creating new itineraries than taking money from you.

We treat everyone fairly and we rely on our team players to conduct a high quality tour programs for our customers.
